

## **THE WYMESWOLD WASHDYKE ASSOCIATION QUESTIONNAIRE 2011**

Following consultation in the village in 2007, 'The Washdyke' field has been developed as a community space for use by individuals of all ages and groups in Wymeswold. The following have been provided: a community orchard, picnic tables, seats, play equipment, outdoor gym equipment and a cycle track. This has been achieved by donations, sponsorship, grants and funds from various organisations.

**It is now time to take stock and review the facilities provided on the Washdyke in order to feedback to our funders and decide on future plans. What would you like to have on The Washdyke to encourage you to use it more?**

**This is where we need your help. Please complete this short questionnaire by ticking and adding comments where possible.**
